

CENTURION BIBLE COLLEGE

Training Christian Leaders

Financial Policy

Tuition Costs

The tuition for undergraduate classes is \$80.00 per credit hour. (Most classes have 3 credit hours. With a full 10 class schedule each year that would total \$2,400.00 for a full year tuition. A \$10.00 per hour discount is given for students paying a full year in advance. The discount would make the annual tuition \$2,100.00.) If you are paying for a class at a time, tuition for that class is due before work begins. Each three hour class would be \$240.00

Graduate degree tuition is \$2,500.00 per year.

Masters programs are two years long and one full year tuition must be paid upon enrollment.

The Doctor of Ministry program is one year long and tuition must be paid in full upon enrollment.

Other Costs

Students on all levels should also be prepared to purchase books.

Graduates are required to pay the cost of printing the diploma. No diploma will be issued until all tuitions and fees are paid in full.

No refunds are given on any tuition. We encourage students to fully research the program before enrolling. We will be happy to help you understand what to expect before you enroll, making withdrawal and refunds unnecessary.

Advanced Placement Students

Students qualifying for advanced placement either in recognition of course work completed outside of Centurion Bible College or through successful placement testing will be eligible to receive an Associate's Degree in Ministry. To receive the associates they must have enrolled in the bachelors program, paid the first year tuition in full, and have paid for the cost of printing and mailing the associate's certificate. There is no cost for the degree.

Potential students who wish to qualify for advanced placement through testing must pay a non-refundable \$30.00 testing fee and have the test monitored in a method approved by Centurion Bible College. A score of 80% or higher is required for advanced placement. If testing is not successful another attempt may be made after a 30 day waiting period. The testing fee must again be paid. It may not be the same test that was taken the first time.

I understand the financial policy and will abide by its terms.
